ABOUT

A reputable name throughout the Hills District, award-winning Reve Group has proven their ability to establish stunning, quality properties time and time again.

Beginning his career as a carpenter, Sam Kassis found joy in purchasing, selling, and renovating properties from the outset. This passion sparked his vision to specialise in construction over three decades ago, giving rise to Kassis Homes.

Inspired by the concept of creating luxury living in spacious homes, Sam seamlessly integrated it into the design of high-rise living spaces.

Having founded a thriving marketing and branding enterprise back in 1996, Romio Georges teamed up with Sam in 2014 to venture into the creation of an exceptional development company. Thus, REVE GROUP was born.
